MXTV MXTV.SHOW

MXTV is a Dove award-winning TV show that effectively presents the never-changing Gospel of Jesus Christ in a cultural context that this young generation recognizes as their own.

"I desire to see these ministries be the most effective evangelistic communication tools on TV and the Internet reaching unchurched young adults between the ages of 18-28.

By God's grace our efforts have made a credible Kingdom-impact upon this Media Generation by effectively presenting the Gospel of Jesus Christ in today's language.

In my 35 years of creating opportunities for young people to find Jesus, I've never seen the harvest so ripe. Endless opportunities are there. Countless salvations are on the way. Praise The Lord.

May God bless you always."
