The Mission of X and **What Is Digital Evangelism?**

History:

In God's timing, **aSafePlaceOnline** was launched two months before the global outbreak of COVID-19 in 2020. During this first year, we defined and refined how to best reach our target audience (young women across the globe, especially in Southeast Asia and Africa). We continually track important data to determine "best practices." We give Jesus all the credit!

Seeds and Fruit:

2020

Facebook Page Followers (engaged and connected new believers): **476,284**

Facebook Group Members (community for deeper growth): **19,086**

New Believer Testimonies:

"I'm happy you shared with me that a relationship with Jesus is different than religion. After reading that, I knew it was completely right. Why not go straight and directly to Jesus and our Father to ask for help instead of following all the rules in our religion? This really helps me to have a better relationship with Jesus." - Violet

"I am on week 19 of Living The Abundant Life. Thanks for keeping me in God's Word." - Florah

"I'm willing to give my life to Christ. I'm so glad you're helping me with that. " - Merzy

Until all have heard...
